WEASELGUY
IS COMING

JAMIE

An orphan from birth, Jamie was adopted by Uncle Chin when she was still an infant. Under his watchful eye, she grew up in "Before Town," the notorious underbelly of Los Angeles.

Recently, Jamie's life took a strange, nightmarish turn.

She discovered that she is heir to an unimaginable mystic power and that she's been targeted for death by a race of savage interdimensional invaders known as the Ma'Shiva.

KARL ALTSTAETTER**

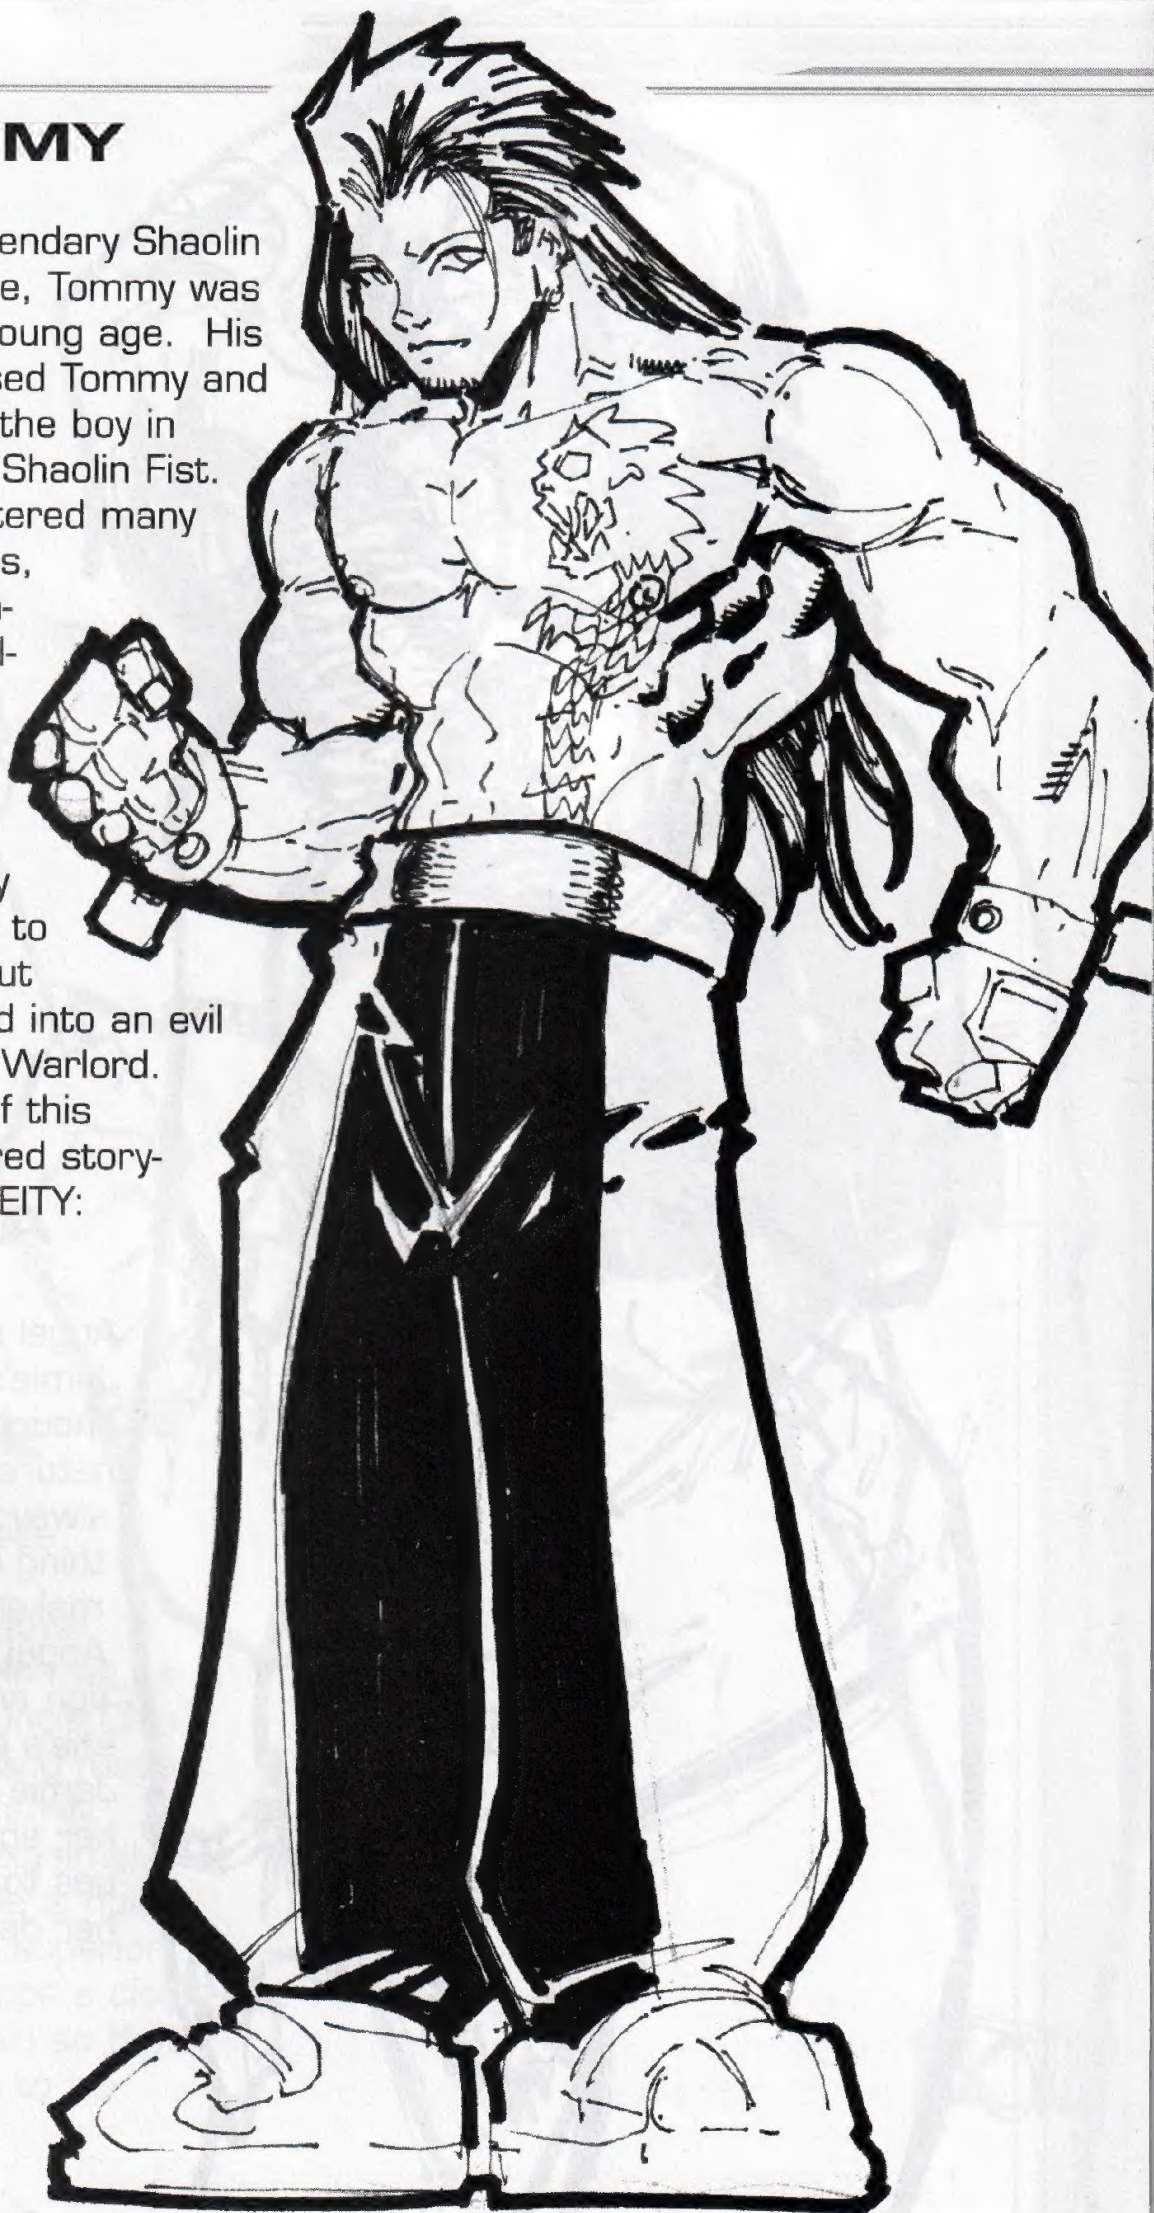

DIAMOND DIAZ

While battling the criminal boss "EL UNO" Diamond was caught in a terrible explosion. When she awoke, her right arm was missing and she had been somehow transported to the interdimensional gateway known as the Junction. Recently, Diamond volunteered to return to Earth and become one of Jamie's protectors.

TOMMY

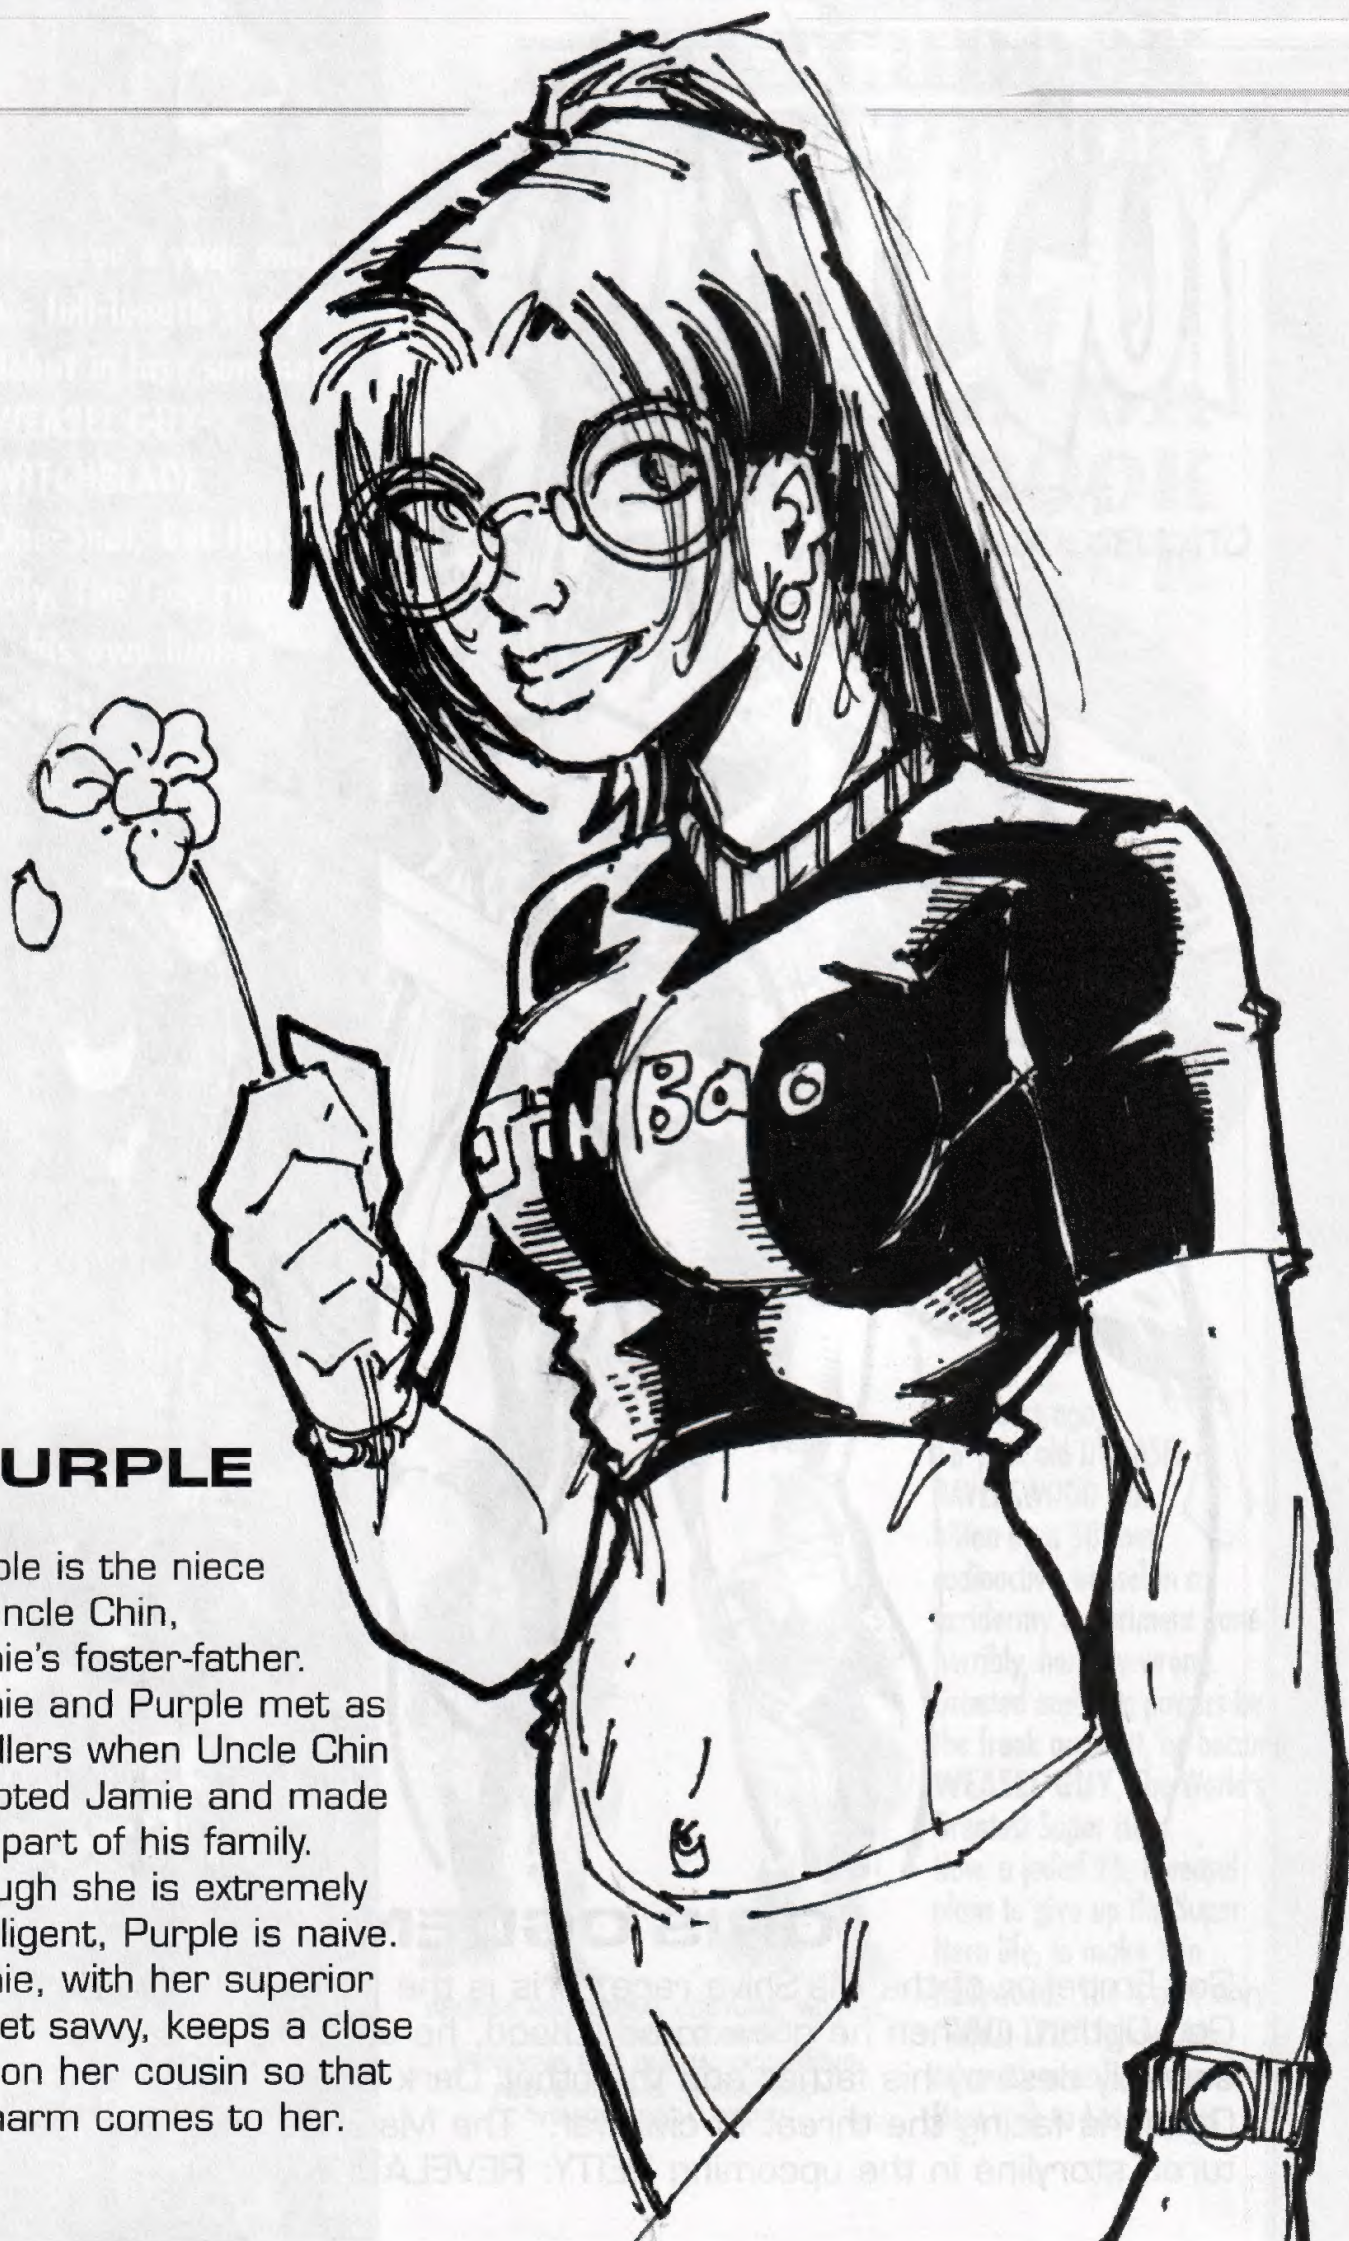

Grandson of legendary Shaolin monk Chow Lone, Tommy was orphaned at a young age. His grandfather raised Tommy and began teaching the boy in the ways of the Shaolin Fist. Though he mastered many Shaolin principles, Tommy's fascination with technology kept him from completely embracing the old ways. Recently, Tommy joined the battle to protect Jamie but was transformed into an evil entity known as Warlord. The aftermath of this event is a featured storyline in 1999's DEITY: REVELATIONS.

ANGEL

Angel is one of Jamie's first friends. Though good-natured, she has always been something of a troublemaker. For years, Angel battled addiction and, though she's promised Jamie she'd clean up her act, she continues to struggle with her dependency.

PURPLE

Purple is the niece of Uncle Chin, Jamie's foster-father. Jamie and Purple met as toddlers when Uncle Chin adopted Jamie and made her part of his family. Though she is extremely intelligent, Purple is naive. Jamie, with her superior street savvy, keeps a close eye on her cousin so that no harm comes to her.

ORIS OGDEN

God-Emperor of the Ma'Shiva race, Oris is the progeny of the Dark God Ogden. When he grew to adulthood, he used his powers to secretly destroy his father and the other Dark Gods. Currently, Ogden is facing the threat of civil war. The Ma'Shiva coup is a featured storyline in the upcoming DEITY: REVELATIONS.

It's been a year since his full-length story debut in last summer's **WEASEL GUY-WITCHBLADE** One-Shot, But this July, The Guy returns in his own limited series!

WEASEL GUY #1

ALEXANDER DUARTE

As a 25 year-old physicist, Alex Duarte worked on the team at Los Alamos that built the Atomic Bomb. In 1947, he was abducted from earth by an alien race known as the Troktau and spirited away to a distant galaxy. Subjected to genetic experimentation, Duarte was mutated into a being that now possesses extraordinary psychokinetic abilities. Afterward, he was liberated by the Terrangers – the peace keeping force of the Braxian Sphere – and joined the elite group as one of the galaxies' warrior-defenders. When the Braxian Sphere fell into civil war and was conquered by the evil Proc Valta, Duarte and the other Terrangers were branded as outlaws. Currently, Duarte remains at large.

PRINCE GAIJAXX

Heir to the throne of the planet Kaitai, Gaijaxx was captured by the Troktau when they conquered his world. Sent to work in a Troktau mine as a slave laborer, "Jaxx" was eventually liberated by a mercenary named Ruttard. Jaxx and Ruttard immediately became fast friends and began roaming the galaxy as adventurers. Later, Jaxx was charged for murder for killing his opponent during a Universal Fighting Championship. The opponent was a former Troktau guard – one of Jaxx's tormentors during his years of servitude. Jaxx and Ruttard evaded capture but eventually they were caught by the Braxian authorities and sentenced to serve in the Braxian's elite suicide squad known as Q-UNIT.

**Q-UNIT SKETCHES BY
MIKE O'HARE**

REZA

Like all members of her race, Reza is distinguished by a unique birthmark called a Sallash. Resembling an intricate tattoo, the full-body pattern acts as an extremely powerful aphrodisiac to anyone who views it. Captured in childhood and sold into slave labor, Reza was purchased by a master assassin and trained for years to become his protector-consort. By the time she reached adulthood, Reza was a lethal warrior. Eventually she rebelled, killed her master, and became an assassin-for-hire. Captured during a botched assassination attempt on Proc Valta, Reza was given a life sentence as a member of the Braxian suicide squad, Q-UNIT.

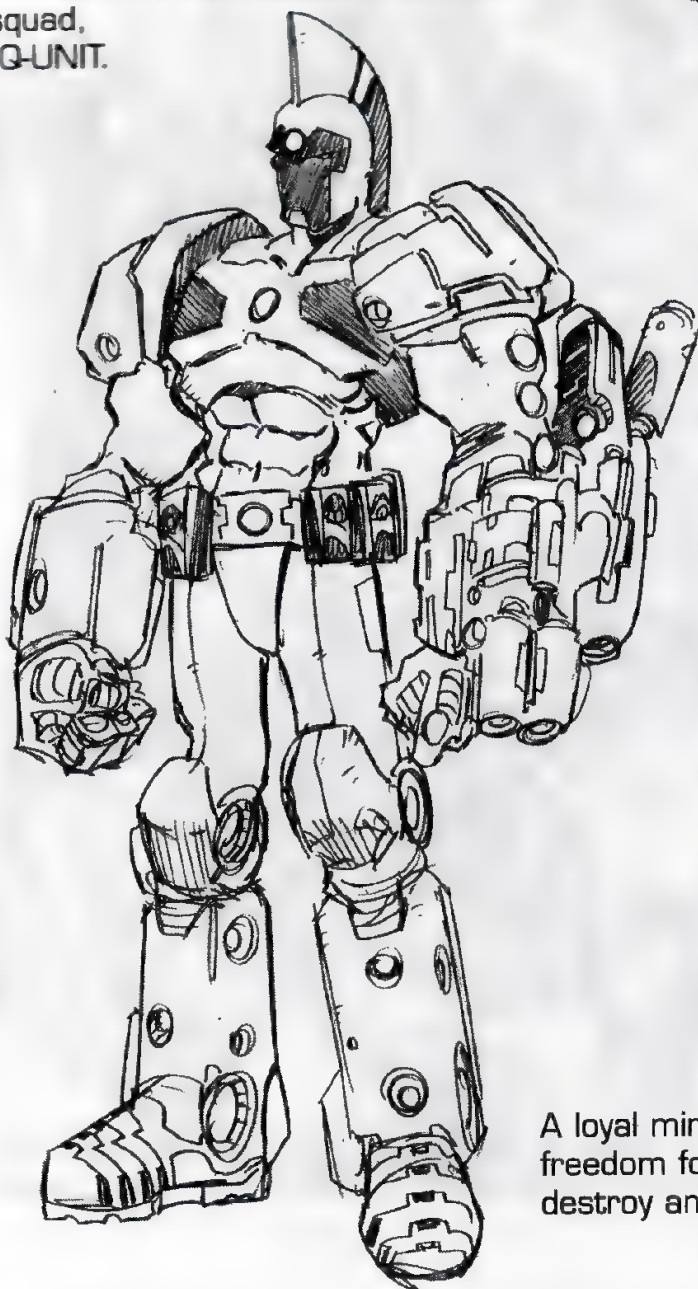

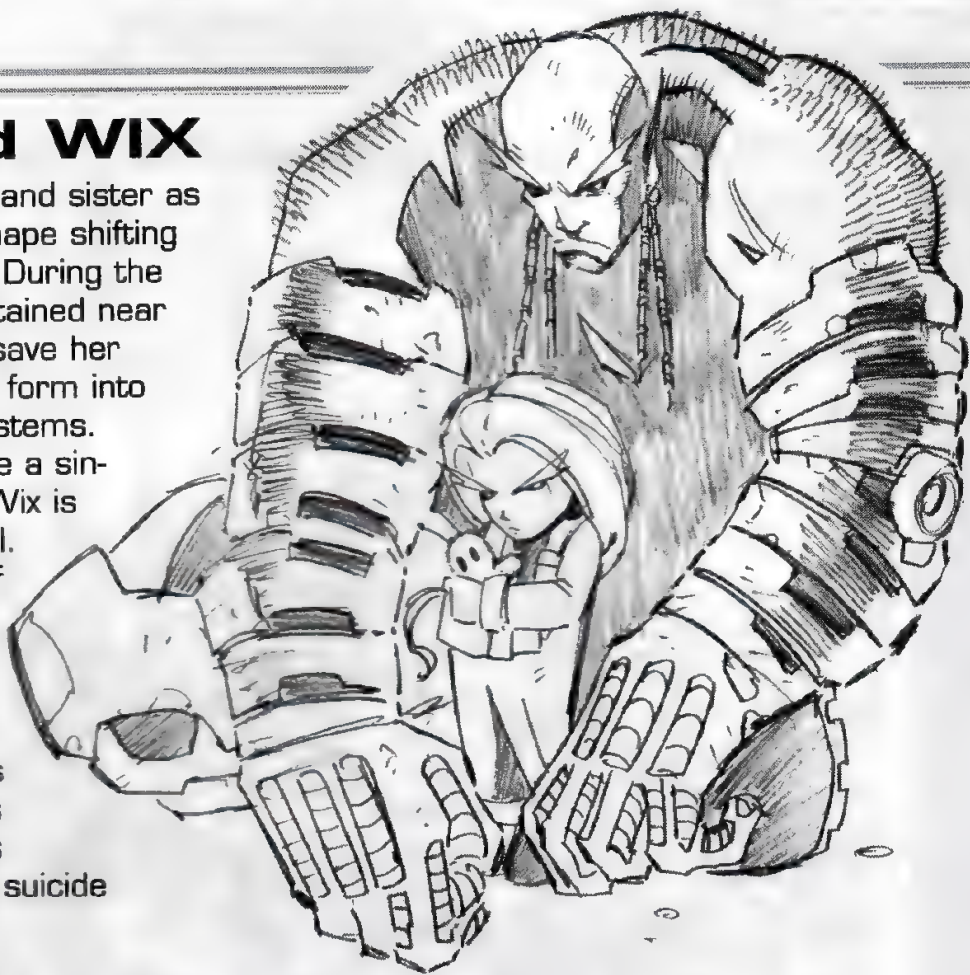

RUTTARD

Ruttard was born in the heart of an impoverished world. Orphaned at a young age, he survived by wits and eventually became an accomplished thief, pirate, and bounty hunter. During one of his many adventures, he liberated Gaijaxe from a slave colony and the two became partners. After many adventures together, Ruttard, like his partner Jaxe, was captured by Braxian forces and forced to join Q-UNIT.

GROX and WIX

Grox and Wix are brother and sister as well as members of the shape shifting race known as the Kray. During the Braxian civil war, Grox sustained near fatal injuries. In order to save her brother, Wix morphed her form into his, combining their life systems. Now their two minds share a single, shape-shifting body. Wix is highly intelligent and playful. Grox, a former member of the Kray warrior elite, is an aggressive ogre. The contrasting influences of their respective personalities often creates havoc for each of them as they struggle to survive as members of the Braxian's suicide squad, Q-UNIT.

SYNTHETIC WARRIOR

A loyal minion of General Derge, this warrior, craves freedom for the synthetic race and is willing to destroy anything in his path in order to get it.

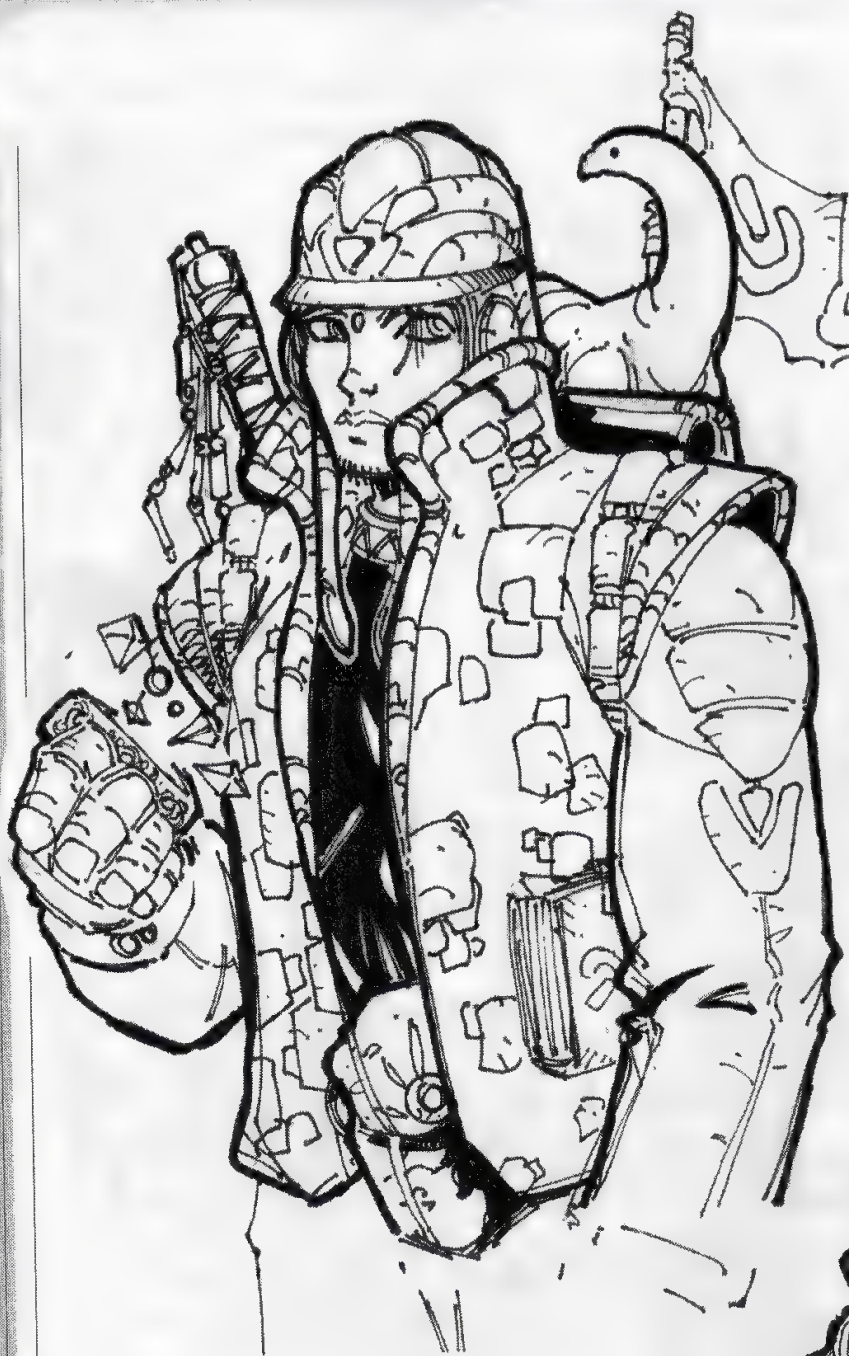

ALEXANDER DUARTE evades capture from the BRAXIAN FORCES in this scene from Q-UNIT.

The slave turned combatant REZA battles synthetic warriors in this exciting scene from Hyperwerk's upcoming series Q-UNIT.
